1. Travel Reimbursement

Employees traveling for approved business purposes may claim reasonable transportation, lodging, and meal expenses. Travel must be approved by the employee's manager before booking. Expense claims should be submitted within 15 calendar days after returning from the trip.

2. Meal Expenses

Business meal expenses are reimbursable when directly related to approved business activities. Employees must provide itemized receipts and identify the business purpose and participants.

3. Expense Approval

All expense claims must be reviewed and approved by the employee's reporting manager. Claims above \$2,500 require additional approval from the Finance Department. Expenses without sufficient documentation may be rejected.

4. Purchase Orders

A purchase order is required before committing to purchases above \$1,000 unless an approved exception applies. Employees should use authorized suppliers whenever possible.

5. Corporate Credit Cards

Corporate credit cards are issued to approved employees for authorized business expenses. Cardholders must retain receipts and submit monthly expense reports. Personal purchases using a corporate card are prohibited.
